M6 Bolt Removal Kit

Part Number: CBSETBRM6

SPECIFICATIONS

Includes: Countersink Burr Leveling Bur Left Handed Drill Bit Extracting Bit

SHIPPING WEIGHT: 0.00 Kg

FEATURES

- Morrisflex Bolt Removal Kits are designed to efficiently extract bolts or studs without damaging threads and promote a safe and clean removal every time.
- The kit is designed to be used with straight or angle die grinders. This makes it ideal for confined space and eliminates the need for the part to be removed and setup on a machine.

The 4 step process involves:

Flatten top of broken bolt or stud

Form countersink on top of bolt or stud

Drill a hole with left handed drill bit.

Tap extraction tool into the hole and remove.

ACCESSORIES

1/4" Compact Die Grinder

1/4" Die Grinder

1/4" Mini Die Grinder
