

Metric Welding Gauge

Part Number: FTNWDG94

SPECIFICATIONS

Height & depth range: 20mm
Distance Between Roots: 1.5-10.0mm
Accuracy: $\pm 0.2\text{mm}$
Angle of Bevel Groove: 0-85°
General Angle: 50°
Stainless steel construction.

FEATURES

- The essential pocket sized inspection tool for welding.
- Capable of Measuring:
- Angles from a right angle of up to 90°.
- Acute angles of up to 50°.
- Seam or corner welds size & profile.
- Gaps ranging from 1.5 to 10 mm.
- Height & depth of up to 20 mm.

SHIPPING WEIGHT: 0.13 Kg
