

Large Respirator - Black

Part Number: MPLR-P2B

© Copyright M Gamer Pty. Ltd. 2020

SPECIFICATIONS

Includes reusable mask and 3 disposable filters

Size: 115W x 125Hmm

Colour: Black

Please Note: Each mask comes with 3 filters

FEATURES

- Why is the MP Reusable Adult Face Mask different from hundreds of masks currently available?
- Construction: Featuring a Polyether-based Polyurethane outer mask.
- This material is re-known for its microbial resistance, longevity, and ability for thorough cleaning time after time again.
- **P2 Filter - 4 Layer Protection**
- Layer 1 - An outer spun-bond polypropylene layer to block initial large particles, dust, and droplets.
- Layers 2 & 3 - A single layer doubled of very fine, non-woven fabric to block finer dust particles, fumes, vapours and mists that cannot be seen to the naked eye.
- Layer 4 - An inner layer of spun-bond polypropylene to block exhaled droplets.
- The filter materials are sandwiched between the inner & outer plastics, then ultrasonically welded joint for a well-bonded multi-layer filter.
- These masks are breathable and will not restrict your oxygen intake or performance meaning you are protected on your next run or encounter with airborne contaminants.
- Why microwave, wash, and replace your filter with something that just may not be 100% disinfected or suitable?
- **A Level Of Comfort**
- After hours of R&D and injection mould die modifications, we found certain contours would result in a level of comfort many masks currently didn't provide.
- Utilizing EPDM 70 Duro Rubber straps, the design of the mask provides the wearer to choose whether to loop the straps behind the ears or behind the neck and head for personalized comfort of the wearers choice.
- Moulded using soft flexible polyurethane rubber to reduce heat and improve comfort during extended use, the design ensures a snug fit and allows for use with other PPE including goggles, glasses and helmets.
- We constructed this mask with multiple purposes in mind.
- Whether it be for personal health or where a general-purpose mask is required, the MP Reusable Adult Face Mask is ready for the next time you need protection!
