FEATURES

- This new torch features a two-way utility clip and a quick-release carabiner, which reveals a sturdy magnetic base. This enables attachment to baseball caps, helmets, belts or most magnetic surfaces.
- N1pro produces 1000 lumens on high power mode and up to 24hrs battery life on low power mode. The torch can be powered by the included (14500 series) high-capacity rechargeable battery, as well as accepting AA batteries as a backup option.

SHIPPING WEIGHT: 0.09 Kg
